

HOME HAPPENINGS

—County grange meeting in Canfield on Saturday.

—Most forest trees have been stripped of their foliage.

—Send the Dispatch every local item of interest in your locality.

—Don't miss the Hallowe'en doings in Canfield next Tuesday night.

—To hunt rabbits when the season opens Nov. 1, a license must be secured.

—Next Tuesday brings Hallowe'en and there will be great doings in the village. Make your plans to attend the jubilee.

—No hickory nuts offered in the local market. The crop this year is a failure in this section of country.

—The C. W. B. M. of the Christian church will meet with Mrs. F. L. Crockett at 2 p. m., Thursday, Nov. 2.

—Because of the Hallowe'en celebration Tuesday evening, the Community Library will be open only during the afternoon.

—Four advanced again in price last week, spring wheat flour retailing at \$3 a sack and winter wheat flour at \$3.35 a sack.

—The Ladies Social Club gave a party last Saturday night in town hall which was enjoyed by a large company of young people.

—T. A. Jacobs has sold the residence and a part of his farm, two miles east of the village, to Charles Palmer of Youngstown.

—Canfield dealers have been hauling coal to Youngstown the past week, dealers in that city being unable to supply the demand.

—Two pairs of red birds have been seen in the village this week. One pair of these colored songsters remained about town all last winter.

—Work is being rushed on the Boardman-Canfield township line road in the hope of having it completed before severe winter weather sets in.

—In repairing the tarvia road east of the village an effort is being made to put it in such shape that it will need no further attention for a long time to come.

—Tuesday afternoon the Stitches Club was pleasantly entertained by Mrs. E. A. Arnold and Mrs. S. A. Arnold at the home of the latter on South Broad street.

—A number of Canfielders will go to Cleveland next Saturday to see the Case-Wooster football game. Harry Manchester of Canfield is a star on the latter eleven.

—Charles Baker has closed his automobile repair shop in W. J. Dickson's garage and returned to Youngstown where he takes the foreman's ship of a large automobile repair shop.

—Homer Mentzer, who sold his property on Cross street to H. W. Spaulding, has purchased a lot of Eli Goodman on Lisbon street and will shortly begin the erection of a modern dwelling.

—Vernon, little son of Mr. and Mrs. Ernest Scott, who underwent a surgical operation in the Youngstown hospital, is getting along nicely and expects to be able to return home the coming week.

—Master Byron Christman, eldest son of Mr. and Mrs. I. E. Christman, last Saturday afternoon celebrated his eighth birthday anniversary with a party which he and his fifteen little friends enjoyed to the utmost.

—The fox squirrels that made their home in the park have disappeared, none having been seen for some time. It is possible they took to the woods and were killed during the hunting season which closed last Friday.

—A meeting of members of the Mahoning County Agricultural Society will be held in town hall next Wednesday when four directors to serve three years will be elected. It is likely that other business will be given attention.

—A republican rally will be held in college chapel Saturday night to be addressed by Hon. A. O. Fleming, A. M. Henderson, J. H. C. Lyon, L. A. Manchester and others. A republican glee club from Youngstown will furnish music.

—The Altimo Culture Co. has started work on another large reinforced concrete greenhouse. The structure will be 500 feet long and 42 feet wide. This will give the company three monster greenhouses and several smaller ones.

—Among the speakers at the county grange meeting in Canfield on Saturday will be D. W. Galehouse, county agent, Hon. Lester Hake of Warren and Editor R. B. Thompson of Salem. A fine musical program has been prepared.

—A reunion of the Sonnedecker and Kendig families was held last Saturday evening at the home of H. L. Sonnedecker on High street. A big supper was served at six o'clock which was followed by several hours of social enjoyment.

—John Delfs & Sons this week shipped two cars of hides and a car of tallow and have two cars of hides yet to ship. The hide and tallow markets are very active and prices are higher than for many years, with indications of still further advances.

—Louis, son of Mr. and Mrs. J. B. Cox of High street, who a few weeks ago had one of his feet badly injured in a motorcycle accident at the fair grounds, had the misfortune to have his right arm broken while cranking his father's automobile.

—John Toot left at the Dispatch office Wednesday a sprig cut from a blackberry bush in his lot on which there were six fully developed blackberries. Horticulturists have developed overbearing strawberries and raspberries and now it seems that blackberries are to break into the same class.

—President Wilson some time since issued a proclamation calling upon the people of the United States to make such contributions as the strictest feeling disposed for the aid of the stricken Syrian and Armenian peoples in the belligerent countries. In compliance with this proclamation an offering will be taken for these unfortunate people at the Presbyterian church Sunday morning, Nov. 5.

—While Miss Ruth Burger and several friends were returning home from Youngstown last Friday evening a machine driven by a Youngstown man ran into Miss Burger's Ford and both machines were considerably damaged. Both were brought to the Flavel-Smith Co. garage for repairs.

—Renwick L. Ewing, a highly esteemed farmer of Jackson township, died Tuesday night in the Youngstown City hospital where he was taken some weeks ago of a complication of diseases. He was a son of James R. Ewing and all his life was spent in Jackson township. He is survived by his wife, Mrs. Estella Williams Ewing, and two brothers, attorneys, R. Ewing of Sebring and G. G. Ewing of Jackson. Funeral services will be held from the family home Friday morning at 11 o'clock and interment will be made in the North Jackson cemetery.

COUNTY AGENT D. W. GALEHOUSE

Will Soon Leave for North Dakota to Take Up Boys' and Girls' Club Work.

David W. Galehouse, county agricultural agent and director in charge of the county experiment farm south of the village, has accepted the state leadership of Boys' and Girls' Club Work in North Dakota, and with his family will leave December 1 for Fargo, N. D., to enter upon new duties. The change is of course a promotion and offers opportunities that Mr. Galehouse felt he could not afford to refuse, the place coming to him without any solicitation whatever on his part. Mr. Galehouse came to Canfield as the first county agricultural agent and director of the county experiment farm and has more than made good. His work and influence have been felt in every part of the county. He is a live wire wherever placed, and it is a matter of great regret that he is to leave the county. However, a host of friends wish him well and know he will make good in his new field of endeavor.

THE COUNTY APPLE SHOW

The Mahoning County Horticultural Society will put on an apple show in the Reuben McMillan Library, Youngstown, Dec. 7, 8, and 9. At a recent meeting of the horticulturists, definite plans were worked out for promoting the show. Premiums will be offered on plate exhibits of several of the leading varieties of apples grown in Mahoning county. Considerable interest is being manifested in the show. Any resident of Mahoning county will be eligible to exhibit.

One of the leading features of the show will be the installation of a large map of Mahoning county with the townships indicated in colors to represent different varieties of apples. Joseph Wheeler, librarian of the Reuben McMillan library, will have on display at the show room, a large collection of horticultural and agricultural books. Should space permit, there will also be exhibits of spray material. Several manufacturers of spray pumps have asked for space but as the show will occupy the entire lecture hall there will be no room for machinery exhibits. Youngstown dealers will make special exhibits of orchard accessories in their show windows at the time of the apple show.

The farm orchard should come in for a large number of the premiums offered. Those interested in making exhibits should write to A. B. Williamson, Canfield, O., Secretary of the Mahoning County Horticultural Society, for further information.

Celebrated 30th Anniversary

More than fifty members and friends of Argus Lodge, No. 545, Free and Accepted Masons, met last Friday evening to celebrate the thirtieth anniversary of the lodge. The special meeting was preceded by an excellent supper served by the ladies of the Methodist church. Visitors were present from several neighboring lodges. The third degree was exemplified by Past Masters of the lodge.

M. A. Pierce of Salem, one of the four surviving charter members of the lodge, was present and gave a brief history of the formation of the lodge. Dr. Campbell, who was first to be initiated into Argus lodge, told of the struggles and progress of the lodge pointed with pride to the fact that it now has a membership of nearly one hundred. Remarks were made by others and the evening was a most pleasurable one for all participants.

NEIGHBORHOOD NEWS

—J. W. Spickler, proprietor of Zion Hill apothecary on the Columbus-Canfield road, writes that the past season was one of the best in years for honey. He has taken off 2125 pounds of the choicest honey and has 1000 partly filled sections to use as bait comb next season, besides lots of honey for the bees during the winter. And, besides, 13 new colonies have been added to Mr. Spickler's numerous swarms of bees.

—Mrs. Hosea Seldner of New Springfield, aged 87, was instantly killed at Beloit Monday afternoon by a fast Pennsylvania train. She had been visiting her daughter, Mrs. Elmer McLaughlin, and had gone to the station to return home. She attempted to cross the track ahead of a train and fell. The locomotive struck her and the body was horribly mangled. The remains were removed to Alliance and prepared for burial and later taken to the family home in New Springfield.

State Representative Candidate.

To Voters and Taxpayers:

There will be three State Representatives to elect in November instead of two as formerly and I think that the third man should be from the country instead of having all three from Youngstown. I am serving my second term as Trustee of Coltsville township and am the only candidate from the country for that office. I think we should get together regardless of party and elect a country candidate for Representative. I will appreciate your support and influence.

Respectfully,
HENRY YOUNG.
Candidate for Representative on Democratic Ticket.

Dispatch job printing will please you.

Heat and friction cannot hurt this tire

Why Prodim Process Rubber adds mileage to Republic tires

Heat, the great destroyer of rubber, is caused principally by friction.

Prodim Process Rubber (the wonderful new compound used exclusively on Republic tires) possesses anti-skid and traction qualities which reduce friction to a minimum.

In addition to this, Prodim Process Rubber will withstand a higher temperature than any material ever used on a tire.

The result is that Republic Prodim Process tires are almost proof against the damaging results of over-heating.

Get a sample strip of this wonderful new rubber. Try to break it. Its great tensile strength is another of its advantages over all other tire treads.
